YOURS

Yours to keep

site and domain in your name

01 WHERE WE STARTED

What we built it around.

01

Fresh local beer, made for you.

Your own homepage headline. Option 1 shows the brewhouse right behind your bar, from your own 360 tour, inside your rust paper and white-engraved forest, with your back-to-back Brewery of the Year seal.

02

Small but mighty.

From your Food page. Option 2 lifts one slice of your hand-stretched pizza into a billboard in the black and star yellow of your own menu boards, with nearly everything made in-house.

03

Two towns, one Twin City.

Built on your Brewery page: Port Alberni was two towns, and your name honours that. Option 3 joins your old main-street photo and your taproom today as a pair of postage stamps.

06 QUESTIONS

The usual questions.

01

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02

Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

03

Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04

How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from $250 a month, cancel anytime.

05

When do I pay?

Half ($600) when you say go, the rest ($600) when the site is live. You've seen the homepage before paying anything.
